

Working Student (Business Administration / Economics) at an international plant engineering company

-  Standort: Putzbrunn, near Munich
-  Beginn: Immediately or by arrangement
-  Arbeitszeiten: Flexible, by arrangement

About Us

Bioworks Verfahrenstechnik GmbH is a medium-sized company specializing in water, wastewater, and environmental technology. For over 15 years, we have been designing and implementing innovative plants for international customers in municipal and industrial sectors.

Your Tasks

(Depending on your interests and suitability, you will support either the Accounting & Controlling or Sales & Costing department)

- Restructuring of accounting and cost tracking processes
- Optimization of accounting workflows according to HGB and IFRS
- Creation of costing guidelines
- Determination of production costs and development of list prices
- Support in programming evaluations (Addison, Factwork, Excel)

Your Profile

- Ongoing studies in Business Administration, Industrial Engineering, or a comparable field
- Good English skills, additional foreign languages are an advantage
- Confident handling of Word and Excel
- Interest in international projects and enthusiasm for teamwork

What We Offer

- A friendly and flexible team
- An innovative work environment in the field of environmental protection
- A workplace in Putzbrunn with flexible working hours
